

From: MJ Motorsports

Subject: Jeremy Frankoski

As the 2009 season begins MJ Motorsports reflects on the 2007 and 2008 seasons. After the tragic loss of one backup driver, Shane Hammond at the first race of 2008 season, the #4 team finally made inroads towards the end of the season with one second and 3 thirds in the last 4 races with the help of the NEMA family and drivers like Jeremy Frankoski. Jeremy was there to test the #4 cars and always ready to fill in when needed. Having come from dirt racing background, Jeremy showed his talent in his first 2 years on pavement racing with NEMA. Jeremy was always there for the #4 Team (MJ Motorsports) and would be the first choice as a replacement driver for our #1 car. Mike Jarret has been a sponsor in Jeremy's racing ventures as he has shown to be a true gentleman, great driver and a great representative and spokesperson for the team, NEMA and my corporation, Helping Hands of America. HHA is also the corporate sponsor for the Northeast Midget Association. We are proud of having Jeremy on the #4 MJ Motorsports Midget team and as a NEMA member.
